Risk Mitigation Playbook: Scenarios and Resources

Register Now

Date & Time:
Friday, October 2 | 11:00 AM – 12:00 PM ET

As organizations begin to manage the "return to travel" for staff, travel managers are looking through a new lens of risk mitigation during a pandemic. Join members of the GBTA Risk Committee as we work through relevant and timely travel scenarios and identify available resources for travel managers. Attendees will learn how to recognize and minimize new risk gaps, discuss approaches to help prepare travelers as they get back on the road, and will leave the session with resources to assist as we return to business travel.
