Brought to you by the Swedish BTA and will be delivered in Swedish

The TMC Egencia explains how digitalisation drives change and creates opportunities. During the webinar Försäkringskassan will share how they succeeded with their extensive digitisation project.

At the end of the session, participants should be able to:

Is a TMC needed?

What do you need to ask for/not ask for when procuring a TMC?

How do you maximise the value of a partnership?
