The Innovation Series is returning to GBTA Convention 2019! This year's competition will feature new changes to highlight the specializations of our competitors with the introduction of three categories: Partner Efficiency Innovation, Model Changing Innovation and the Business Traveler Experience. Voters will decide which innovation is most impactful and will be featured this August in Chicago. This year will feature multiple exciting ways to interact with the cutting-edge innovators, sign up for the Webinars now!

Voters will decide which innovation will most benefit their travel program and ultimately will be featured this August in Chicago.
