What will corporate travel look like in 2023? What opportunities do travel managers need to leverage so their programs can stay ahead of the curve? How will these opportunities provide for an enhanced traveler experience? What technologies are emerging to support the future? All this and more will be covered in this fast paced and highly informative session which allows you to discover your programs greatest opportunities and prepare for the future.

At the end of the session, participants should be able to:

Assess the potential capabilities of AI and where it can offer advantages to your travel program

Recognize the changing workforce & the affect that this has on technology developments & the future

Take away knowledge of opportunities & where these can be applied in your current as well as future
